

Balance BOD Profile

Name: Jean Waller

Balance Board Member Since: November 2015

Balance BOD Committees: Personnel and Facilities

Past/Current Membership on Other Non-Profit Boards or Service Organizations: This is my first time serving on a Board of Directors. Unfortunately, work kept me pretty busy and I had little time for other activities.

Background Employment Information (past and present):

I moved to Wisconsin from the Kansas City area in 1990. In Kansas City I worked for 10 years at the General Motors Assembly plant where I began my career in Human Resources. In KC I also worked in HR for city government and Dillard's retail distribution center as the HR Manager. I began my career in HR with Harley-Davidson immediately after moving to Wisconsin and was there for 21 years. I retired in March 2015 and started my own consulting business in the fall of 2015.

I am divorced with a thirty year old daughter and she lives and works in Chicago. She just got married this past August and she and her husband adopted a dog about a year ago and he is very special to all of us. ☺ I go to Chicago every chance I get to spend time with my kids.

I enjoy working out, reading and traveling. I hate to say it, but, I actually like working too. Since I started by consulting business, I have really enjoyed getting to know other industries and contributing to their HR initiatives.
